I, Corey I of Diking with the full backing and support of the Aeronautical Bureau, do hereby declare that no complicated or confusing approach patterns shall be created at any airport or any area that is used for aeronautical purposes.

This means that no elaborate radioings and approach patterns shall be permitted, and that the "stack" will only be used when two or more aircraft are landing at one time.

Also, the border between Chris and Corey exists as a diagonal line between the corner of the landing and the corner of the eighth step up. Currently, Dr. Royce is the Viceroy of Chris, thus making him the highest government person in the government of Chris. All laws made by him are unchangeable, except by the ruling sovereign.
