Executive Order #007

Section One

I appoint Viceroy Aslan to the House of Lords and remove Chief Stockholm from his seat.

Section Two

I create the Department of Defense. Its task shall be to coordinate all aspects of Defending the Empire. I appoint General Air of Air City as Secretary of Defense.

Section Three

I create the Department of Foreign Affairs. Its functions shall be to conduct relations with other nations, promote friendly relations with other nations, negotiate treaties with other nations, and keep offices in nations that have signed mutual non-aggression pacts with the Empire. I appoint Emissary Nemis as Secretary of Foreign Affairs.

Section Four

I create the Department of the Interior. Its task shall be to keep track of immigration and to award citizenship. All Space Police units are placed under the command of the Secretary of the Interior. The job of the Space Police units will be to promote national (internal) security and to quell any internal uprisings. I appoint General Air as Secretary of the Interior.
